

IMMUNIZATIONS

To protect the health of all students and staff and to curtail the spread of infectious diseases, the Governing Board shall cooperate with state and local public health agencies to encourage and facilitate immunization of all district students against preventable diseases.

(cf. 1400 - Relations Between Other Governmental Agencies and the Schools)

(cf. 5141.22 - Infectious Diseases)

(cf. 5141.26 - Tuberculosis Testing)

(cf. 6142.8 - Comprehensive Health Education)

Each student enrolling for the first time in a district elementary or secondary school, preschool, or child care and development program or advancing to grade 7 shall present an immunization record from any authorized private or public health care provider certifying that the student has received all required immunizations in accordance with law. Students shall be excluded from school or exempted from immunization requirements only as allowed by law.

(cf. 5112.1 - Exemptions from Attendance)

(cf. 5112.2 - Exclusions from Attendance)

(cf. 5141.32 - Health Screening for School Entry)

(cf. 5148 - Child Care and Development)

(cf. 5148.3 - Preschool/Early Childhood Education)

Transfer student shall be requested to present immunization records upon registration at a district school if possible.

(cf. 6173 - Education for Homeless Children)

(cf. 6173.1 - Education for Foster Youth)

(cf. 6173.2 - Education of Children of Military Families)

The Superintendent or designee may arrange for an authorized health care provider to administer immunizations at school to any student whose parent/guardian has consented in writing. At the beginning of the school year, parents/guardians shall be notified of their right to provide consent for the administration of an immunization to their child at school. (Education Code 48980, 49403)

(cf. 5141.3 - Health Examinations)

(cf. 5141.6 - School Health Services)

(cf. 5145.6 - Parental Notifications)

VISALIA UNIFIED SCHOOL DISTRICT

Visalia, California

IMMUNIZATIONS

Required Immunizations

The Superintendent or designee shall provide parents/guardians, upon school registration, a written notice summarizing the state's immunization requirements.

The Superintendent or designee shall not unconditionally admit any student to a district school, preschool, or child care and development program for the first time nor admit or advance any student to grade 7 unless the student has been fully immunized. The student shall present documentation of full immunization, in accordance with the age/grade and dose required by the California Department of Public Health (CDPH), against the following diseases: (Health and Safety Code 120335; 17 CCR 6020)

1. Measles, mumps, and rubella (MMR)
2. Diphtheria, tetanus, and pertussis (whooping cough)
3. Poliomyelitis (polio)
4. Hepatitis B
5. Varicella (chickenpox)
6. Haemophilus influenza type b (Hib meningitis)
7. Any other disease designated by the CDPH

(cf. 5141.22 - Infectious Diseases)

(cf. 5148 - Child Care and Development)

(cf. 5148.3 - Preschool/Early Childhood Education)

(cf. 6170.1 - Transitional Kindergarten)

However, full immunization against hepatitis B shall not be a condition by which the Superintendent or designee shall admit or advance any student to grade 7. (Health and Safety Code 120335)

A student who qualifies for an individualized education program (IEP), unless otherwise exempt, shall be fully immunized in accordance with Health and Safety Code 120335 and this regulation. However, the district shall continue to implement the student's IEP and shall not prohibit the student from accessing any special education and related service required by his/her IEP regardless of whether the student is fully immunized. (Health and Safety Code 120335)

(cf. 6159 - Individualized Education Program)

School personnel shall record information for each student regarding all doses of required immunizations and the status of all requirements in accordance with 17 CCR 6070. The school records shall be based on the student's immunization record provided by the student's health care provider, from the student's previous school immunization record, or through the California Immunization Registry (CAIR). (17 CCR 6070)

IMMUNIZATIONS (continued)

Exemptions

Exemption from one or more immunization requirements shall be granted under any of the following circumstances:

1. A medical exemption is submitted using the standardized form developed by CDPH and transmitted using CAIR which includes, but is not limited to, a description of the medical basis for which the exemption for each individual immunization is sought and whether the medical exemption is permanent or temporary. (Health and Safety Code 120372)

A student who has a medical exemption issued prior to January 1, 2020 shall be allowed to continue enrollment until the next grade span, except that after July 1, 2021, a student may not be admitted or advanced to grade 7 unless the student has been immunized or a medical exemption form filed as stated above. (Health and Safety Code [120370](#))

A temporary exemption shall not exceed one year, and all medical exemptions shall not extend beyond the grade span. (Health and Safety Code 120372)

If a student's medical exemption is revoked by CDPH on the basis that the exemption does not meet applicable criteria for medical exemptions, the student shall continue in attendance and, within 30 calendar days of the revocation, commence the immunization schedule required for conditional admittance pursuant to 17 CCR [6050](#), as described below. (Health and Safety Code 120372)

The student's parent/guardian may appeal a revocation to the Secretary of California Health and Human Services. If a revocation is appealed, the student shall continue in attendance and shall not be required to commence the immunization schedule required for conditional admittance provided the appeal is filed within 30 calendar days of the revocation. (Health and Safety Code 120372, 120372.05)

2. The student's parent/guardian filed with the district, before January 1, 2016, a letter or written affidavit stating that an immunization is contrary to the student's personal beliefs, in which case the student shall be exempted from the immunization until the student enrolls in the next applicable grade span requiring immunization (birth to preschool, grades K-6, grades 7-12). (Health and Safety Code [120335](#))

(cf. 6141.2 - Recognition of Religious Beliefs and Customs)

When a student transfers to a different school within the district or transfers into the district from another school district in California, the student's personal beliefs exemption filed before January 1, 2016, shall remain in effect until the next

IMMUNIZATIONS (continued)

applicable grade span. A student transferring from a school outside the district shall present a copy of the personal beliefs exemption upon enrollment. When a student transfers into the district from outside California and presents a personal beliefs exemption issued by another state or country prior to January 1, 2016, the Superintendent or designee may consult with legal counsel regarding the applicable immunization requirements.

3. The student is enrolled in an independent study program pursuant to Education Code 51745-51749.6 and does not receive classroom-based instruction.

(cf. 6158 - Independent Study)

Conditional Enrollment

The Superintendent or designee may conditionally admit a student with documentation from an authorized health care provider that; the student has not received all the immunizations required for the student's age group, but has commenced receiving doses of all required vaccines and is not due for any other doses at the time of admission. The Superintendent or designee shall notify the student's parents/guardians of the date by which the student must complete all the remaining doses as specified in 17 CCR 6035. (Health and Safety Code 120340; 17 CCR 6035)

(cf. 5145.6 - Parental Notifications)

In addition, a transfer student may be conditionally admitted for up to 30 school days while the student's immunization records are being transferred from the previous school. If such documentation is not presented within 30 days, the student shall be excluded from school until the required immunizations have been administered. (17 CCR 6070)

The Superintendent or designee shall immediately enroll homeless students, foster youth, and students of military families even if their immunization records are missing or unavailable at the time of enrollment. School or district staff shall work with the student's prior school to obtain the student's immunization records or shall ensure that the student is properly immunized. (Education Code 48853.5, 49701; Health and Safety Code 120341; 42 USC 11432)

(cf. 6173 - Education for Homeless Children)

(cf. 6173.1 - Education for Foster Youth)

(cf. 6173.2 - Education of Children of Military Families)

The Superintendent or designee shall review the immunization record of each student admitted conditionally every 30 days until that student has received all the required immunizations. If the student does not receive the required immunizations within the specified time limits, he/she shall be excluded from further attendance until the immunizations are received. (Health and Safety Code 120375; 17 CCR 6070)

IMMUNIZATIONS (continued)

Exclusions Due to Lack of Immunizations

If an enrolled student who was previously believed to be in compliance with immunization requirements is subsequently discovered to not be in compliance with requirements for unconditional or conditional admission, the Superintendent or designee shall notify the parent/guardian that evidence of proper immunization or an appropriate exemption must be provided within 10 school days. This notice shall refer the parent/guardian to the student's usual source of medical care or, if the student has no usual source of medical care, then to the county health department or school immunization program, if any. (Education Code 48216; 17 CCR 6040)

(cf. 5112.2 - Exclusions from Attendance)

(cf. 5141.6 - School Health Services)

The Superintendent or designee shall exclude from further attendance an enrolled student who fails to obtain the required immunization within 10 school days following the parent/guardian's receipt of the notice specified above. The student shall remain excluded from school until documentation is provided indicating that the student has received a dose of each required vaccine due at that time. (17 CCR 6040, 6055)

The student shall also be reported to the attendance supervisor or principal.

Exclusion Due to Exposure to Disease

If the district has good cause to believe that a student has been exposed to a disease listed in the section "Required Immunizations" above and his/her documentation of immunization does not show proof of immunization against that disease, that student may be temporarily excluded from the school until the local health officer is satisfied that the student is no longer at risk of developing or transmitting the disease. (Health and Safety Code 120370)

Records

Each student's immunizations record shall be retained as part of the student's mandatory permanent student record. District staff shall maintain the confidentiality of immunization records and may disclose such information to state and local health departments only in accordance with law. (Health and Safety Code 120375, 120440; 17 CCR 6070)

(cf. 5125 - Student Records)

The district shall also retain in the mandatory student record any physician or health officer statement, personal beliefs letter or affidavit, reason for conditional enrollment, or any other documentation related to the student's immunization record or exemptions.

IMMUNIZATIONS (continued)

At least annually, the Superintendent or designee shall file a written report on the immunization status of new students with CDPH and the local department of public health on forms prescribed by CDPH. (Health and Safety Code 120375; 17 CCR 6075)

Audits

If an audit reveals deficiencies in the district's reporting procedures, the Superintendent or designee shall present the Board with a plan to remedy such deficiencies.
